DETAILED ACTION

Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-22, drawn to monitoring two battery packs, classified in class 320, subclass 116.
- II. Claims 23-43 and 94-107, drawn to monitoring an operating threshold of a battery pack, classified in class 320, subclass 136.
- III. Claims 44-58, drawn to monitoring an average of two measurements within a range, classified in class 320, subclass 161.
- IV. Claims 59-85, drawn to monitoring two respond times of the pack, classified in class 320, subclass 133.
- V. Claims 86-93, drawn to a heat sink in the pack, classified in class 320, subclass 153.

The inventions are distinct, each from the other because of the following reasons:

Inventions I to V are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention V has separate utility such as its use in a motor-generator; Invention III can be used in a fuel cell environment etc. See MPEP § 806.05(d).

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication should be directed to the Examiner at the below-listed number on every Monday, Thursday and Friday.
